

Last Rites for Gotti.
ROME, March 14.—Cardinal Gotti, Prefect of the Propaganda, is gravely ill. He was given the last rites of the church yesterday. He received the red hat in 1885. His office of Prefect of the Propaganda is one of the most influential in the Catholic Church. Last September Cardinal Gotti, in his office, fainted and fell. A slight concussion of the brain resulted.

Elevator Shaft Fall Kills.
D. Guterman, a merchant of Ybor City, Fla., fell down an elevator shaft yesterday at No. 245 Biscayne street, breaking his spine, leg and skull. It is believed he fell while waiting on the third floor to see a member of the firm of Samuel Bernstein & Sons. He was removed unconscious, to St. Vincent's Hospital and died there later. Mrs. Guterman is in Ybor City.

Fifth Avenue at 37th Street

Yesterday, at this address, we opened our ninth Hanan Store in New York City.

To this modern, well-appointed store we invite all who appreciate an opportunity to buy footwear amid surroundings that have been planned and worked out to afford the greatest possible comfort and convenience.

Here you will find a most complete assortment of the famous Hanan Shoes in the finest leathers and newest Spring models.

Here you will find also that same efficient service that characterizes all Hanan Stores.

At this new store there is a complete stock of high grade hosiery for both men and women.

GIRLS IN STRIKE RIOT TEAR HAIR AND FROCKS; SEVEN ARRESTS MADE

Shirtmakers Attacked by Those
 Whose Places They Had
 Taken.

When the night shift of 100 persons, mostly girls, left the shirt factory of Berkowitz Brothers, at Leonard and Scholes streets, Williamsburg, at 7 o'clock this morning, they walked into an ambush of strikers, pickets and strikers' sympathizers.

First there was a bombardment of heavy artillery, with snowballs and chunks of ice as missiles. The belaguerers then charged and gave a large crowd an exhibition of plain and fancy hand-to-hand fighting. The few men engaged soon left the field to the women, who hit, scratched, bit, pounced and tore hair and clothing. Their cries could be heard several blocks.

When sergeant Stapp and twelve policemen arrived from the 52nd Street Station most of the fighters fled, leaving in the street "rats" and switches, hats, feathers, pieces of clothing and gloves. The seven prisoners taken described themselves: Eva Grassman, nineteen, No. 25 Meserole street; Rose Spesky, twenty, No. 1605 Gates Avenue; Lora Mafara, eighteen, No. 68 George street; the Smith sisters, Lizzie and Rose, No. 299 Devoe street; Josephine Browski, twenty, No. 1725 Cornelia street, Queens, and Sam Wallach, twenty-one, No. 1508 Pacific street.

The 230 employees of the Berkowitz factory struck two weeks ago, and strike-breakers have taken their places, working day and night.

ENFORCED NEUTRALITY.

Messrs. Muller, Schmitt and others wanted to name their fishing club Tipperary, but the Supreme Court said nay.

TWO WOMEN HIT BY AUTO.

Both Are Cut and Bruised Trying to Cross Broadway.

As they were crossing Broadway late last night at Seventy-third Street, in front of the Hotel Ansonia, Miss Basile, forty, of No. 622 West One Hundred and Thirty-seventh Street, and Miss Jennie Hill, fifty, of No. 293 West One Hundred and Third Street, were knocked down by an electric automobile belonging to Mrs. Mason of No. 601 West One Hundred and Thirtieth Street, and driven by Thomas J. Corman, nineteen, of No. 26 Atkins Avenue, Bronx.

The women cut across the street before a horse and wagon. Atkins threw on his brakes, but the machine skidded on the wet pavement.

The women were taken to the police station by Atkins and a passerby with an automobile. Dr. Williams of Poly-clinic Hospital found both suffering from cuts and bruises. Miss Hill lost two front teeth. Both were able to go home.

COMMUTERS WATCH A FIRE.

See Manhattan Smoke Eaters Fight a Blaze in a Garage.

Jersey City and Staten Island residents had a chance last night to watch the Manhattan firemen work when they started just at the home-going hour in the garage of the Flinn-O'Rourke Company, Inc., at No. 39 Greenwich Street. The fire is supposed to have started in an auto truck in the one-story building. Seven other trucks were scorched before the fire was out.

Two alarms were turned in, for the fire threatened to spread to the adjoining building, and service on the Sixth and Eighth Avenue surface lines was blocked nearly an hour. The reserves had to be called from the Greenwich Street Station to keep back the continually collecting crowd of commuters. The damage was about \$500.

Manitoba "Drys" Make Sweep.

WINNIPEG, Man., March 14.—Returns from rural districts to-day emphasized the "dry" victory scored in yesterday's referendum vote on the Manitoba Temperance Act, which will result in the closing on June 23 of nearly 400 forty-two wholesale liquor houses and seven licensed clubs. While the sale of liquor is prohibited within the province, its importation for individual consumption and manufacture for export is permitted.

OBESITY REDUCTION COURSE For Women

By Pauline Furlong

QUESTION AND ANSWER COLUMN

Miss Furlong will reply in this column to letters written by Evening World readers asking questions pertaining to the subjects treated in her articles. Letters must not exceed 250 words in length and must be limited to the subjects upon which information is desired.

A series of obesity reduction exercises charts is being printed in The Evening World Mondays, Wednesdays and Fridays of each week.

No. 4.—The Harm Done by Reducing Too Quickly.

In order to lose weight and retain or obtain a good complexion it is absolutely necessary to practise daily exercises to help the body in rebuilding the new tissues and strong, healthy muscles. The reason so many women reduce weight and lose their healthy color and become haggard and drawn looking is because they try to bring about a quick reduction of flesh by reducing the amount of food they have been in the habit of eating and fail to choose those which are nourishing and non-fattening at the same time.

As a general thing most persons become too enthusiastic and start the diet and exercises with too much determination. They overdo the exercises and nearly starve themselves, and refuse to eat many of the dishes which are agreeable to them. The result is that the unused muscles become stiff and sore and the craving for their favorite dishes causes them to become disgusted with the diet, and as a consequence they drift back to the old shiftless way of going through life accumulating superfluous fat.

This is a great mistake and both the exercises and diet should be given a fair chance, at least, to show just what they can accomplish and allow you to enjoy yourself meanwhile.

During this new course I shall tell you all about diet and other reduction aids.

Letters From Readers.

SHERRY AND EGG.—MARY T. asks: "Will drinking sherry and egg help me to gain weight?"
 Take raw eggs and milk or malted milk each day if you would gain weight.

ALCOHOL AND WITCH HAZEL.—EDITH R. asks: "Does it harm the skin to rub a mixture of alcohol and witch hazel over the body for pimples? Please also tell me how to remove warts. I have gained 5 pounds in a few weeks and am delighted with your developing course. I am 5 feet 4 inches tall. How much should I weigh and what bust measure should I have? I am doing the chest raising and have made my chest an inch larger. Can you suggest anything else to develop the bust, as I do not care to take the internal developer?"
 The alcohol and witch hazel will not harm the skin on either the face or body and can be used with benefit on the pimples. Warts on the face may be removed with the electric needle. You should weigh 125 pounds, bust 36 inches, waist 26, hips 38, thighs 22. I have sent you the directions for the external developer in your stamped envelope.

TO REDUCE BUST.—MRS. F. J. writes: "Several corpulent ladies and I have read a number of your valuable health articles, and we are going to follow the new course. I am so glad it is to be illustrated with charts."

NEVERBREAK HUNDRED WARDROBE TRUNK

at \$15

The NEVERBREAK HUNDRED positively pays for itself. Pack any old style trunk with newly pressed and laundered apparel and take it on a short trip. No matter how carefully you may have packed your things, it is invariably necessary to have them all "done" over again before you can wear them. You know this is true.

Not so with the NEVERBREAK HUNDRED. Your clothes hang on hangers just as in your closet. And whether your trip be 10 miles or 10,000, your clothes will always stay crisp and clean—just as you packed them.

The patented removable garment rack holds six suits or twelve dresses, with room for a topcoat or evening wrap—can be lifted out "bodily" (clothes and all) and hung in a closet on two ordinary hooks or nails.

YOU CAN'T GET THIS REMOVABLE RACK FEATURE IN ANY

OTHER TRUNK ON THE MARKET.

Drawers on the other side, with room for hats, underwear, and sufficient change of boots.

And, the price is Fifteen Dollars.

NEVERBREAK construction—fibre covered, reinforced with cold rolled steel. Initialed or monogrammed free.

them, most beneficial to your individual needs. About ten minutes a day is all the time that will be required for any one to keep in trim.

PIMPLES ON BACK.—E. M. L. writes: "Will you please tell me what causes pimples on the back, when they do not appear on the face or any other part of the body?"
 Pimples on the back or any other part of the body arise from the same source—retained waste matter in the system—and the only way to remove them is through proper and light diet, free action of the bowels, deep breathing, daily baths and plenty of water drinking between meals.

LEMONWATER.—MRS. M. P. asks: "Will hot water and lemon taken daily reduce weight, and what are the proportions to take? Also please tell me how to make it?"
 Take the juice of half a lemon in a glass of hot water a half hour before breakfast each day. This cleanses the

mucus from the lining of the stomach, stimulates the liver to action, which clears the complexion and tones up the body for the day. It acts as an aid in reducing weight if taken in connection with proper diet and exercises.

WATER DRINKING WITH MEALS.—MAHEL K. asks: "Is it harmful to digestion to drink cold water with meals? I am following your course for developing and feel better for practising the chest raising and other exercises."
 If you do not take anything liquid with your meals you will masticate the food more thoroughly, and this naturally aids digestion. Ice cold water retards digestion, and it is a better plan to drink much water between meals than with them.

Skull Fractured by Auto.
 While crossing Seventh Avenue at One Hundred and Twenty-fifth Street

early to-day, Herman Schuder, twenty-seven, a waiter, No. 524 Brook Avenue, the Bronx, was hurled twenty feet by an auto. His skull was fractured. He is in Harlem Hospital.

FOR 10 CENTS YOU CAN TRY R. & G. PILLS THE TONIC LAXATIVE

Quickens the action of the LIVER and renews the appetite. Cures the troubles of the bowels and prevents constipation, biliousness, nervousness and indigestion. NOT CATHARTIC—safe for children.
